WEIGHT:	24LBS

REAR PANEL
FOR ELECTRICAL CONNECTIONS
TO FIELD

10HP SERVO MOTOR CONTROL
TUNED TO MATCH MECHANICAL
DEVICE TECHNOLOGY

ALUMINUM ENCLOSURE

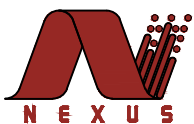

EARS FOR RACK MOUNTING

FRONT PANEL
WITH INDICATOR LIGHTS +
CIRCUIT BREAKER

Function:

The EMD-320 is the next generation of drives in the NEXUS system. Building on the strength of the EMD-160, the -320 powers 10 to 20hp servo powered machines, for moving those large units that just need more horses. All that power, but compressed into a 4U rack space. Maximizing power density, while preserving real estate. The NEXUS EMD-320.

SYSTEM:
NEXUS
COMPONENT:
EMD-320
RELEASE:
1.3
